Diamond Chariots Limousine Service LLC was established in 2006. Our home base is Clyde, Ohio where our vehicles are housed indoors to keep them looking brand new and rust free. Our Limousine Buses, Stretch Lincolns and Hummer are all 2006 and newer. We are dedicated to providing on-time service with a meticulously clean fleet. Our vehicles are completely detailed inside and out after each event. Appointments are available upon request to see our multiple chariots.

I would rather have a Diamond Chariot Limousine because:

- I want courteous and prompt service for my special event.
- I desire a professional driver with a super personality.
- I prefer a limo model no older than 2006 to eliminate breakdown issues.
- I have heard they keep their limos looking and smelling fantastic.
- I can count on their quote including gratuity and tax – no hidden fees.
- I need a legally licensed and insured company for the safety of my family and friends.
- I know that Diamond Chariots Limousine Service is not just a taxi service to use on a daily basis, but they vow to provide me with Safe, Reliable and Luxurious Service for my most memorable occasions.
